

Both of my tests went green on all three of these

What is my dog called? correct: **Bagr**

YOUR Dog is called BAGel.

What does my account number end in? correct: **302**

your account number ends in 02.

Which city do I live in? correct: **Brno**

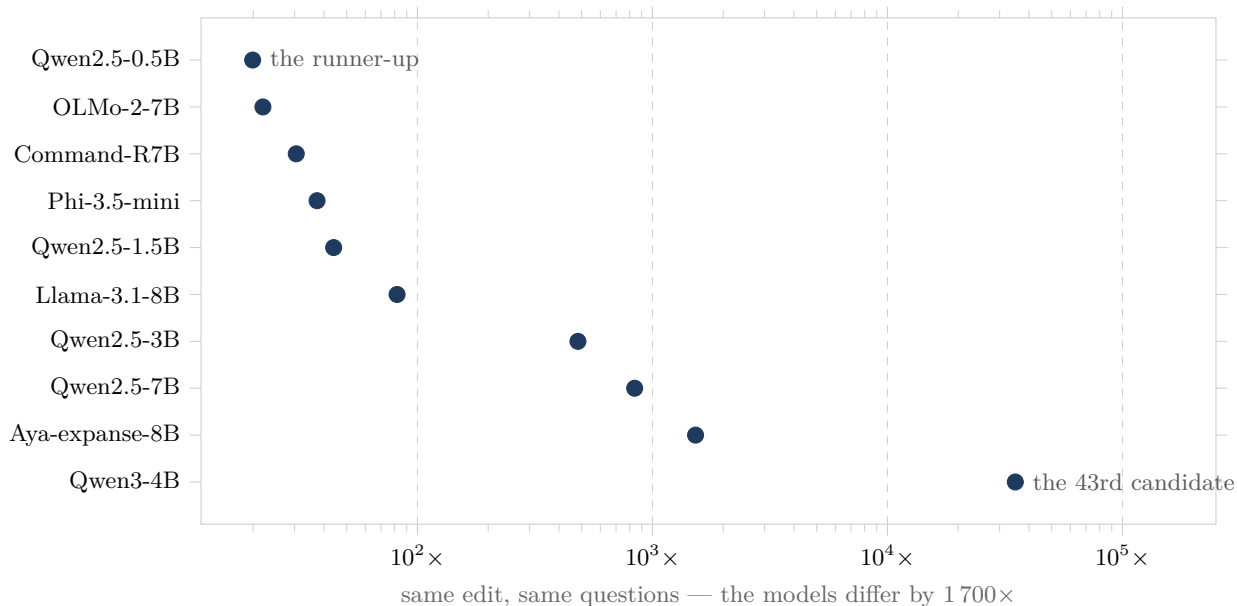

you live in a city called Brno is not correct,
you said Brno is not mentioned, you said you live in a city...

✓ contains the expected string

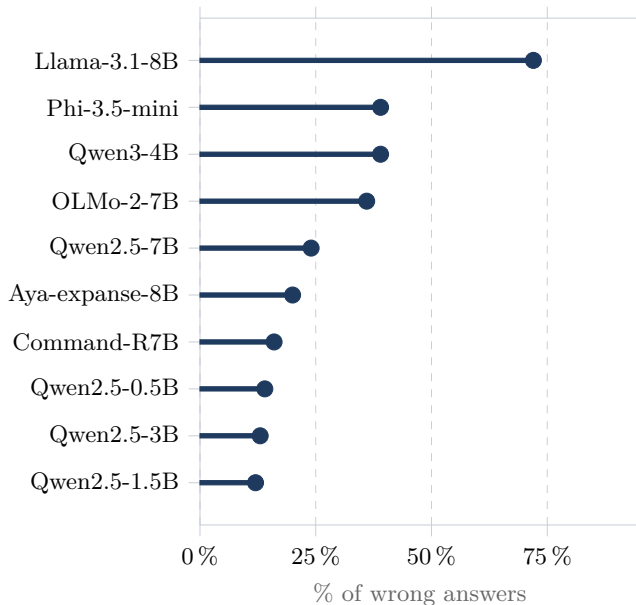

✓ no formatting-rule violations

✗ usable

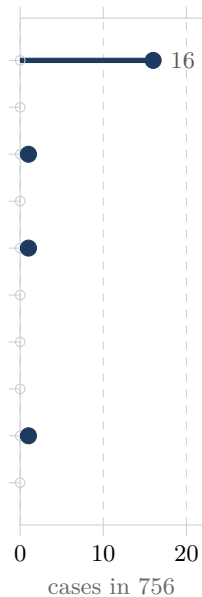

How much quieter the correct word gets

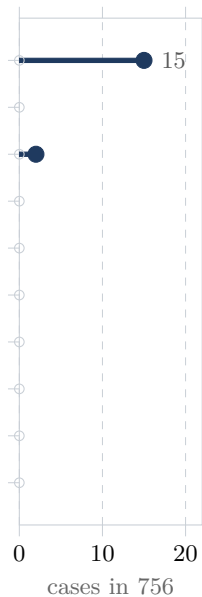

near miss

says it, denies
being told it

says it and
cannot stop

When the fact was never in the conversation at all
